

## **OKAVANGO DELTA RIDE**

### **YOUR SAFARI SUITCASE:**

Luggage is strictly limited to 20kgs per person, including hand luggage. All luggage should be in soft bags and we highly recommend these are waterproof as they are carried on a Mekoro Flotilla in to the Okavango Delta. Additional bags can be stored, by arrangement, at the Ride Botswana Offices in Maun if need be.

We recommend that you bring:

- A light-weight riding hat
- A shade hat with strap
- Light-weight riding shoes (2 pairs)
- Sunglasses on string, riding gloves and bandana
- Bush colour riding clothes (not white):
- Jodhpurs or long trousers and chaps (2 pairs)
- Long sleeved cotton shirts
- Jersey, fleece or multi- pocketed waistcoat
- Light weight waterproof windbreaker jacket
- 4 x sets of socks and underwear (we recommend unpadded cycling shorts for men)
- Shorts, T shirts, sarong, swimwear and sandals
- Sun block, lip salve, insect repellent
- Head Torch (compulsory)
- Waterproof camera
- Solar Charging Bank (to charge camera equipment as there is no electricity on this safari)
- Binoculars
- A good book for lazy siestas

All clothing should be neutral colored to blend in with the bush (shades of khaki, brown, beige or green) and light weight cottons are advisable. Please take into consideration the time of year when you are travelling before making your final packing decisions. Many guests choose to wear their riding clothes and boots and carry wash bags in their hand luggage, in case bags are delayed or go astray on international flights.

Towels and other basic amenities are provided.

A first aid kit is available in camp but please make sure to bring any prescription medication with you. Please consult your doctor regarding anti-malarial advice and inoculations.
